

PRESS RELEASE

QBE GROWS MOTOR FLEET RISK MANAGEMENT TEAM

5 NOVEMBER 2009

QBE is pleased to announce the appointment of Doug Jenkins to the role of Motor Fleet Risk Manager, based in Chelmsford.

Doug was previously founder and managing director of Driving Services UK Limited, where he provided Motor Fleet Risk Management solutions, across all classes, for over 20 years. During this time, Doug was responsible for coordinating the service proposition of over 150 staff and trainers, delivering services throughout the UK, Europe and the Middle East, working with clients, brokers and insurers.

At QBE, Doug's role will be to further develop the Motor Fleet Risk Management services already on offer. This position also allows the Motor Fleet department to provide independent and focused services to clients and bring together their specific requirements with the services the market has to offer.

Matthew Crane, Managing Director, for the Motor Division of QBE European Operations, said: "This new appointment compliments our current dynamic approach to providing our clients with a unique opportunity to manage their motor fleet risk exposures. It will further the total commitment of the QBE Motor Fleet team to provide the most practical and efficient solutions within the market".
